

### **Greg Harrison**

Greg grew up on Phillip Island in a small family business (IGA Newhaven) and attended Newhaven College. During his university years, Greg worked at both the Phillip Island Grand Prix Circuit and Phillip Island Nature Parks. His grandmother (June Cutter) was a prominent local author who helped ignite his passion for the Island.

Greg is National Business Leader - Advisory and Sustainability at Arcadis. Greg has a diverse portfolio of public and private sector consulting experience across Australia. Greg advises clients on the planning, design, operation and management of built and natural assets. Greg has over 24 years experience in project appraisal, business case development, market led proposals, aviation consulting, land use advisory services, master planning, policy development, freight and public transport planning, development facilitation, environmental approvals.

Greg is passionate about sustainable, long term outcomes for built and natural assets.
